

Direct Injection System

The ECONOMIC alternative for SM processors

- Equipment and chemistry to replace RA-2 SM and C41 RA-SM systems
- Excellent alternative for SM processors: Gretag and Noritsu
- Greatly reduced maintenance
- Equipment:
 - Re-usable external replenishing tanks
 - All replenisher tanks equipped with individual level sensors and LED indicators
 - Easy installation
 - 2 options possible :

▪ Stand alone unit: units with replenisher tanks attached to a stand

▪ Individual unit: unit with replenisher tanks attached to minilab

Chemistry

- Highly economical: No expensive packaging
- Very low replenishment rates
- Flexible system allowing chemical and replenishment rate adjustment
- 100% usage of chemistry – all replenisher used; none wasted
- Better quality imaging
- Easy to use
- Reduced packaging waste

Product Ordering Information

• Film Chemicals :

DIS Film N1 Developer Replenisher	4 x 2 L	979 666
DIS Film N2 Bleach Replenisher AC	6 x 1 L	992 354
DIS Film N3 Fixer & Replenisher	4 x 2 L	979 682
DIS Film N4 FF Superflo Stabiliser	6 x 1 L	979 690

• Paper Chemicals :

DIS Paper P1 Developer RTU	6 x 1 L	990 168
DIS Paper P1 Developer RTU	4 x 2 L	991 372
DIS Paper P2A Bleach-Fix & Replenisher Part A	6 x 1 L	997 544
DIS Paper P2B Bleach-Fix & Replenisher Part B	6 x 1 L	979 724
DIS Paper P3 Super Stabiliser & Replenisher	6 x 1 L	979 732
