

How to...

download Technical
Information Sheets
(TIS) from the
FUJIFILM website

► Downloading a TIS

- Go to our website www.fujifilm.eu/feb
- Select a product section, **PRESSROOM** (see picture)

► Downloading a TIS

- Go to our TIS library (see picture)

The screenshot shows the FUJIFILM Europe website. At the top, there is a search bar and a 'Stemap' link. Below the search bar is a navigation menu with the following items: Home, Company, Photochemicals, Digital, Pressroom, Micro Filters, CODEStream, esclusivo, and Holography. The 'Pressroom' menu is expanded, showing a list of sub-items: PRESSMAX, Solco, DS, Anchor, MSDS, and Technical Info Sheets. The 'Technical Info Sheets' item is circled in green. Below the navigation menu, there is a breadcrumb trail: Global > Home >. The main content area features a welcome message: 'Welcome to the FUJIFILM Pressroom chemicals site. With pressroom chemicals we are committed to sharing the goals of every printer, wherever they are located, whatever the size or type of their business: to improving quality, increasing productivity, saving costs, protecting the environment and enhancing working conditions.' Below this, it states: 'We distinguish 4 main brands - Solco, DS, Anchor and PRESSMAX - which you can access through the logos below.' There is also a promotional message for IPEX 2010: 'Visit us at IPEX from May 18th to May 25th 2010 at the NEC in Birmingham, stand 09-C360. In the meantime, have a look at our virtual stand. Click here to register.' Below the text are four images: a stack of paper, a cartoon character writing, a man in a lab coat, and a woman in a lab coat. Below each image is a logo: SOLCO OFFSETPRODUCTS, DS, ANCHOR, and PRESSMAX. At the bottom of the page, there is a 'Back to Top' link and a footer with the copyright notice '© 2009 FUJIFILM Corporation' and links for 'Terms and Conditions' and 'Contact Us'.

▶ Downloading a TIS

- To start a TIS search, please follow the instructions (see picture)

The screenshot shows the FUJIFILM Europe website. At the top right, there is a search bar and a 'Search' button. Below the search bar is a navigation menu with links for Home, Company, Photochemicals, Digital, Pressroom, Micro Filters, CODEStream, esclusivo, and Holography. The 'Pressroom' link is highlighted. On the left side, there is a sidebar menu with links for PRESSMAX, Solco, DS, Anchor, MSDS, and Technical Info Sheets. The 'Technical Info Sheets' link is circled in red. The main content area displays the title 'Technical Info Sheets Library' and a welcome message: 'Welcome to the Technical Info Sheets library for our pressroom products. Please click here to continue.' The 'click here to continue' text is circled in red. At the bottom right, there is a 'Back to Top' link. At the bottom left, there is a copyright notice: '© 2009 FUJIFILM Corporation'. At the bottom right, there are links for 'Terms and Conditions' and 'Contact Us'.

► Downloading a TIS

- To start a TIS search, you first need to register (see picture)

- Example of a TIS pfd file

The screenshot shows a web browser window with the address bar displaying <http://www.fujihunt.com/apps/IntranetPress/Product...>. The browser interface includes a toolbar with icons for file operations and a search bar. The main content area displays a technical information sheet for 'WB Coating 710 G', which is a 'Water based gloss coating'. The sheet is organized into several sections: 'KEY CHARACTERISTICS' and 'BENEFITS' are presented in two columns; 'PACKAGING' lists container options (25 kg plastic can, 120 kg plastic drum, 200 kg plastic drum, 1000 kg plastic container); 'INSTRUCTIONS FOR USE' provides details on stirring, dilution (with water or water/IPA 1:1 premixed), cleaning, and ink compatibility; and 'TRANSPORT & STORAGE' specifies storage at room temperature, protection from freezing and direct sunlight, and a shelf life of at least 6 months. At the bottom of the page, contact information for FUJIFILM Europe NV is provided, including the address (Europark-Noords 21-22, 9100 Sint-Niklaas, Belgium), phone number (+32 3 760 02 00), fax number (+32 3 776 91 22), email (marketing_euro@fujifilm.eu), and website (www.fujifilm.eu/tec). The FUJIFILM logo is also present at the bottom right. The browser's status bar at the bottom shows 'Done' and 'Unknown Zone'.

WB Coating 710 G

Water based gloss coating

KEY CHARACTERISTICS

- For board and paper
- Suited for double sided application
- Fast drying, short delivery
- Good wet block resistance
- Very good rub resistance
- Rub resistance: > 600 double rub (Früfbaue Quantart)
- Heat seal resistance: up to 140 °C against MS-foil (1 bar/1 sec)
- Solid content: 38 - 38 % depending on viscosity
- With suitable dispersion glue, pretest necessary
- Viscosity: various / 20 °C / DIN 4 mm

BENEFITS

- Medium slip properties

PACKAGING

25 kg plastic can
120 kg plastic drum
200 kg plastic drum
1000 kg plastic container

INSTRUCTIONS FOR USE

Stir well before use!
Dilution: with water or water/IPA 1:1 premixed.
Cleaning: with water or Varnish Remover.
Do only use ink according DIN 18524/25 (alkaline-, solvent-, spirit-resistant).

TRANSPORT & STORAGE

Store at room temperature.
Protect from freezing, heat above 35 °C and direct sunlight.
It can be used at least until 6 months after production.
